Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard. 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms. forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and year of the second s entry to treated areas (that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water), is: • Long sleeved shirt and

Non-Agricultural Use Requirements

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. Keep children and pets out of the treated area until sprays have dried.

General Information: Avenger Weed Killer is a broad spectrum weed killer that contains a citrus extract. It is non-selective and controls most annual weeds, both grasses and broadleaves. For best performance, complete coverage of target weeds is necessary. Spray until thoroughly wet. It is recommended for non-food areas such as borders, driveways, sidewalks, around mature trees and ornamentals, around buildings, in greenhouses and around flower beds. Environmental Conditions: Avenger Weed Killer is effective over a wide range of environmental conditions. Cool weather will slow the activity of Avenger Weed Killer but should not effect its performance. Allow heavy dew to evaporate prior to Avenger Weed Killer applications. Do not apply if windy conditions exist or a strong threat of rain is expected within 2 hours. Spray drift management. Do not allow the herbicide solution to contact desirable vegetation as small amounts can cause severe damage to crops and other desirable plants. Mixing of Avenger Weed Killer: Fill the spray tank 1/2 full with clean water. Add any other dry formulations then liquid formulations to the tank. Add Avenger Weed Killer while agitating. Then fill remainder with water. Tank Mix Combination: When Avenger Weed Killer is used in combination with any other products, refer to the respective product labels for rates and methods of application, proper timing, restrictions and precautions. Compatibility testing: If the compatibility with another product is not known, a jar test or physical compatibility study should be conducted before tank mixtures are made.

Ratio Amt of Avenger Amt of Water Total Spray Volume

Application Instructions

1 gallon 1 gallon - Mix this product in clean water and apply to the foliage of vegetation to be controlled. Spray until thoroughly wet. Small annual weeds: for 1/3 pt 6 2/3 pts control of annual weeds less than 6 inches tall, use a 1:6 ratio of Avenger Weed Killer to water; dilute 1 part of Avenger Weed Killer in 7 parts of 2 pts 6 pts 1 gallon water. Larger annual weeds: for annual weeds above 6 inches, use a 1.5 ratio of Avenger Weed Killer to water: dilute 1 part of Avenger Weed Killer 1 1/4 qt 8 3/4 qts 10 gallons - in 5 parts of water. Hard to control weeds: for harder to control weeds (for example, weeds with a thick cuticle such as ivy and hard to control 8 1/3 qts 10 gallons 1 2/3 at perennials), use a 1:3 ratio of Avenger Weed Killer to water.
